

FREEMOTION.

e8.9b ELLIPTICAL

MODEL # **VMEL81918**

CARDIO 8 SERIES ELLIPTICAL

Low impact, all adventure. The e8.9b Elliptical comes with a simplified console that can be upgraded with the addition of a smart device. Sync the iFit-enabled machine with a smart device and the elliptical will match the resistance to recreate the actual route on the screen. The elliptical's foot placement makes the run, walk or ski easier on the knees, joints and back.

FREEMOTION.

e8.9b ELLIPTICAL

PRODUCT FEATURES

SIMPLIFIED USER INTERFACE

Get all the workout information you need in one place. Easy-to-read results lets you know what you've accomplished during the workout.

UPPER BODY WORKOUT ARMS WITH SOFT GRIPS

Get a total-body, low-impact workout with upper-body workout arms. Elliptical training engages the entire body, burns more calories and tones more muscle for faster results.

IFIT® SYNC

The console of the e8.9b Elliptical goes from simple to interactive when synced with a smart device. As the industry's first "Bring Your Own Device"-solution, the elliptical has resistance matching technology to recreate the actual terrain of video workouts filmed around the world.

BUILT-IN WORKOUTS

Choose between preset workouts, fitness tests, or heart rate control workouts with the touch of a button.

NON-SKID TRACTION CONTROL CUSHION PEDALS

Stay stable and comfortable through every stride with non-skid, traction control cushion pedals designed to fit multiple users with a secure grip.

24 LEVELS OF DIGITAL RESISTANCE

To burn more calories, increase intensity and improve muscle tone, simply adjust the ellipticals resistance with convenient one-touch resistance controls.

ELECTRONIC READOUTS

A simplified console lists Speed, Resistance, RPM, Distance, Calories, Time, Heart Rate, Watts and Pace.
